

Dumpster Enclosure - Commercial Permit Guidelines

(Submitted on New Commercial Construction Plans)

CGC & CBC may apply for permit

*Ordinance 172-06 approved 01/22/07 requiring dumpsters on commercial property.
All dumpsters must be located on a concrete pad per ORD 172-06

Dumpster Enclosures w/ Commercial New Construction can be included on the same plans as the building.

Check for the following on the Application & plans.

- Make sure box on page 2 of the application is checked stating that details are included with the building plans.
- Details for enclosure **must** come in on the new construction plans or as an attachment with the plans. The enclosure must be shown on the site plan w/ setbacks.
- One letter (or e-mail) from Waste Pro approving the location of the enclosure on the site plan.

Description:

- Make note in yellow tab next to the description line that the Dumpster Enclosure is included in the construction plans.

Fees:

- No additional fees apply with the Dumpster Enclosure as they are included w/the new construction permit.

Inspections:

- Inspections are added in on the same permit board as the building.
