Future Land Use

A city's land use element dictates the capacity for future development by providing criteria for the location and intensity of future residential, commercial, office, mixed-use, and industrial land uses. The CRA is comprised of the following future land use categories:

- Single Family
- Multi-Family
- Mixed Use
- Commercial/Professional
- Public Facilities
- Park and Recreation Facilities

Issue:

The land use map categories are not reflective of the recent CRA boundary expansion and may not permit mixed-uses in some key areas.
