GOAL: To provide good quality housing in safe, clean neighborhoods, offering a broad choice of options in both type (single family and multi-family) and tenure (owner and renter occupied) to meet the needs of present and future residents of the City, regardless of age or income status.

Objective 1: Housing Availability. In conjunction with private sector, the City will provide the infrastructure needed to increase Cape Coral's housing stock by 10,290 units by 2010, and an additional 35,549 units by 2025 to accommodate the expected permanent populations of 137,593 by 2010, and 192,795 by 2025, in accordance with the levels of service standards established in other elements of this Comprehensive Plan.

Policy 1.1: Provide information, technical assistance, and incentives to the private sector to maintain a housing production capacity sufficient to meet citizen demand.

Policy 1.2: Maintain criteria for implementation of the City's Land Use and Development Regulations, pursuant to S.163.3202, F.S., for activities such as, zero lot line development, townhouse development, and transfer of development rights to encourage residential developments to include a wide mix of housing types and designs at a variety of allowable housing densities and intensities.

Policy 1.3: In accordance with S 163.3177 (b) (f) F.S., the city will utilize the State Land Planning Agency's Affordable Housing Needs Assessment as one basis for determining the current and anticipated affordable housing needs of the City's population.

- Ordinances

- Codes
